NARRATIVE

---

On 07/28/2014 at about 1204 hours (all times approximate) I responded to priority vehicle vs. pedestrian collision in the 800 block of 91st Ave SE in the city of Lake Stevens.

It should be noted that though the vehicle in this report is listed as U1 (commonly thought of as being the at fault vehicle) that the pedestrian skateboarder is found to be at fault in causing this collision and not the driver of the vehicle.

At about 1205 I arrived on scene and found a vehicle stopped partially in the northbound lane of 91st Ave (facing northbound and having a heavily damaged windshield). I also observed a pedestrian still on the ground (laying east/west) on the northbound shoulder a short distance in front of the vehicle and in front of parked vehicle. I also observed a skateboard in the middle of the northbound lane a short distance behind the vehicle with the broken windshield.

There were several witnesses and citizens on scene around the pedestrian and the driver of the damaged vehicle. The female driver was pointed out to me by a citizen on scene. The female driver was obviously very distraught over the incident. The driver was identified to be 25 year old Hyde. The pedestrian was identified to be a 15 year old male (Verduzco); who was wearing a white in color shirt and darker colored pants.

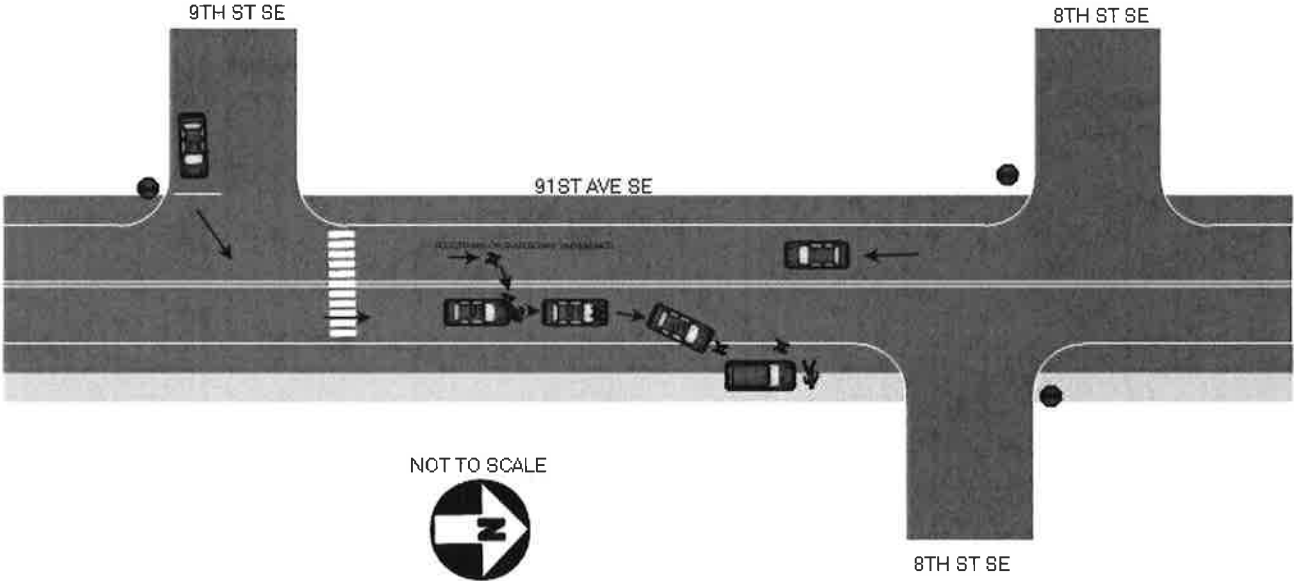

Based on evidence and statements it is found that the 15 year old skateboarder (Verduzco) had been skateboarding without a helmet northbound on 91st Ave in the middle of the southbound lane.

Verduzco had ear buds in both ears listening to music from his cell phone. As a southbound vehicle approached Verduzco (as Verduzco was skateboarding in the southbound lane), Verduzco moved to the east (his right) into the northbound lane of travel. As Verduzco moved into the northbound lane of travel, he did so in front of a northbound traveling vehicle (driver claiming to be traveling about 20-25 mph after she pulled onto 91st Ave SE from 9th St SE). The passenger car struck Verduzco, causing Verduzco to go onto the hood of the vehicle and then impact the windshield of the car causing significant damage to the windshield. Verduzco then came off the hood of the car and stumbled forward and east to a location in front of a parked car.

Verduzco was transported from the scene by an aid car with possible injuries to his lower and upper portions of his body, along with his head.

The driver of the passenger car (Hyde) was very cooperative; completing a written statement, submitting to the voluntary field sobriety test and a preliminary breath test (test result .000 BrAC). I did not observe any clues of possible impairment with Hyde. Hyde allowed officers to test the mechanical aspects of her vehicle on scene.

The collision scene was mapped by the Marysville Police Department collision team with total station. After the on scene collision investigation was completed, the vehicle was returned to Hyde's residence.

I WILL PROSECUTE FOR SUCH ACTIONS COMMITTED.

I Pulled out of my driveway and started driving on 9/1st towards Albertsons. I went about 100-200 ft when all of a sudden there was a person in front of my car. I had no time to stop or turn away it was too late. I ~~braked~~ and he ~~rolled off~~ He went into my windshield and then up on the roof of my car than he rolled back off when the car came to a stop.

I was driving south on 91<sup>st</sup> Ave SE (at 8<sup>th</sup> St SE). The boy was riding his skateboard toward me in my lane. The driver who hit him was driving north on 91<sup>st</sup> Ave SE (just before 8<sup>th</sup> St SE). The boy suddenly turned right, directly in front of the northbound driver. (I think he was moving out of my lane and just forgot to look.) The driver had no time to avoid him. He rolled over the front of the car and hit the windshield. He was thrown off toward the east side of the street. He hit a parked car, also, and he hit the ground and bounced against the street. He tried to get up. I told him to stay down and try to hold still. The other driver stopped immediately.

We were heading South on 91st when Alissa and I witnessed the boy cross 91st street without looking either way and was hit by the green car going north on 91st. I pulled over and sat with the boy and another lady that witnessed the wreck. and after I knew the boy was OK I went over and checked on the driver of the green car. She was very upset. the driver of the green car was NOT speeding!

When I came upon the accident I swerved to avoid hitting a skate board in the road. A green car was stopped with the windshield broken out of it. A person was laying in front of a black jeep a couple of people were around attending to him. I then got on my cell phone and called 911

I got to the scene just after it had happened (nothing was in motion).

**FOLLOW-UP REPORT**

AGENCY NAME <b>LAKE STEVENS POLICE DEPARTMENT</b>	INCIDENT CLASSIFICATION <b>Motor Vehicle vs Pedestrian Collision</b>	INCIDENT NUMBER <b>14-01781</b>
NAME OF VICTIM(S) <b>Alberto A. Verduzco</b>		

On 07-28-14 at approximately 1204 hours, I was dispatched to the 1000 block 91<sup>st</sup> Avenue SE, reference a priority motor vehicle versus pedestrian collision. I traveled to the location from the downtown area of Lake Stevens, utilizing a Department patrol vehicle with its overhead emergency lights and siren activated. As I traveled to the scene, Officer Aukerman advised via radio address, that he was on scene and that the pedestrian involved was still down on the ground. I asked Officer Aukerman which direction he wanted me to arrive at the scene from, to which he replied the north. I arrived at approximately 1211 hours, and blocked the southbound lane of travel with my patrol vehicle, at the intersection with 8<sup>th</sup> Street SE. I observed Sergeant Brooks on scene and beginning to direct traffic away from the scene at the intersection with 8<sup>th</sup> Street SE.

As I neared the collision scene on foot, I observed Officer Aukerman tending to the pedestrian victim along with Lake Stevens Fire Department Aide personnel, at the east side of the roadway. I also observed an 'Audi' passenger vehicle partially blocking the northbound lane of travel within the 800 block of 91<sup>st</sup> Avenue SE, a short distance away. The vehicle had sustained significant damage to its windshield, and surrounding area. A white female subject was standing near the vehicle, and appeared to be crying. As I neared the vehicle, I observed a skateboard resting on its wheels between the vehicle and pedestrian vehicle. I also noted several subjects standing about the scene, watching Aide personnel.

I spoke with all of the subjects standing about the scene, and quickly identified those involved; removing those having no interest. I separated witnesses and obtained their driver licenses for identification. Soon thereafter, I provided witness statements to each of the witnesses and requested they provide a description of what they saw. Each of the witnesses completed a written statement of their account to the events, which were later attached to this report. The witnesses were identified as:

Michael J. Rowley 04-11-1955  
 Jeanie D. Langner 04-26-1955  
 Vicki R. Jenkins 12-30-1958  
 Geoffrey S. Pollock 01-09-1983  
 Jennifer M. Ristine 05-31-1981

The driver was identified as Deborah D. Hyde 04-30-88, and also completed a written statement of the incident. This statement was later attached to this report. I conducted a records check of Hyde, and found her to have a valid Washington State driver license, and no active warrants.

Officer Aukerman requested of me to travel to Providence Medical Center, in an effort of obtaining identification of the pedestrian victim, who had been transported moments prior. I arrived a short time later and met with Hospital tending Physician Catherine Keay. Dr. Keay told me the patient arrived moments prior and will be scanned shortly for head and torso injuries. She continued by saying the victim may have suffered a head injury and long bone fracture. She also mentioned the mother and father of the victim are inside his room at this time.

*I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing statement is true and correct.*

**FOLLOW-UP REPORT**

AGENCY NAME <b>LAKE STEVENS POLICE DEPARTMENT</b>	INCIDENT CLASSIFICATION <b>Motor Vehicle vs Pedestrian Collision</b>	INCIDENT NUMBER <b>14-01781</b>
NAME OF VICTIM(S) <b>Alberto A. Verduzco</b>		

I walked into the room of the victim and met Ana Verduzco 12-19-75 (Mother) and Carlos Verduzco 11-20-63 (Father). The pedestrian victim was identified as Alberto Alcantar Verduzco 11-23-98, by Ana.

Alberto appeared calm as he lay flat on the gurney within the room, but was complaining of right side pain. Albert appeared to have a head injury, as his head was wrapped with temporary bandage material soaked with blood. Alberto's body was covered with a Hospital blanket.

I asked Alberto if he recalled what happened to have caused the collision. Alberto told me he was riding his skateboard "toward Taco Bell" from his residence (north bound), in the middle of the "lane opposite where I was hit" (south bound lane). He changed lanes due to no sidewalk being located on his side of the street. It should be noted, there exists no concrete sidewalks on either side of the roadway at this block of 91<sup>st</sup> Avenue SE. However, there are asphalt paved sections adjacent to the roadway and outside the fog lines of each direction of travel, which are commonly used for pedestrian traffic.

Alberto continued by telling me as soon as he changed lanes, he was hit by a vehicle. Alberto mentioned he didn't look behind him prior to changing lanes, and that no cars were coming toward him at the time. Alberto continued by saying as he was skateboarding and prior to the collision, he was listening to music using "ear buds" (both ears) through his cellular telephone. Alberto told me his right arm, right leg, right shoulder, and right foot are in considerable pain at this time. As Alberto waited for treatment, he spoke with his mother and father in Spanish from time to time.

I waited a considerable span of time for Dr. Keay and Hospital staff to complete X-Ray and M.R.I. testing of Verduzco. At the conclusion of these tests, Dr. Keay advised the Verduzco family and I (with consent of the Verduzco family), that Alberto has a tibia bone fracture on his right side. She continued by saying all other tests and images, appear normal. She also stated Alberto has numerous pieces of glass embedded in his right arm and right leg, which need removal. She continued by saying Alberto also requires sutures about his forehead for a large (2.50") laceration just under his hairline. I offered my sympathy to the Verduzco family and thanked Dr. Keay for her explanations to me, before leaving the Hospital a short time later.

I contacted Officer Aukerman via Department issued cellular telephone, to advise him of the identity of the victim and injuries sustained during the collision. The telephone call was ended a short time later.

I traveled back to the City of Lake Stevens, and cleared myself from this incident a short time later.

This concluded my involvement in this matter.

*I certify (or declare) under penalty of perjury under the laws of the State of Washington that the foregoing statement is true and correct.*
